

Wind Turbine Certification

Cost of each class is: local 22, 231, 265, and 1525 members are free. Locals outside Nebraska: \$250.00 per mod, plus \$25.00 for workbook.

Module One: Competent Climber (16 hours)

Class is limited to 12 students. **Students must qualify to take this class by completing the tower climb at the start of class.** This will consist of climbing 3 times up and down under 8 minutes and 30 seconds with approximately 5lbs of weight added on each the 2nd and 3rd climb. The climb is 48 feet to the upper deck. Lessons 1-10 and 17-20 in the Wind Orientation work book must be completed before the student comes to class. The student will also be performing:

- Self-rescue, and team rescue on the climbing wall
- “Leap of Faith” with the automatic descender
- Tower exercise, Climb out of ladder and work hands free
- Lift 200 pound dummy up to platform and lower it back down the ladder with a spotter

Module Two: Cable Prep (16 hours)

Class is limited to 12 students. Students will complete lessons 11-17 in the Wind Orientation work book. Students will work on 5kv high voltage cable and prepare cables for a termination, splice, and a load break.

Module Three

Module three consists of First Aid CPR/AED, 10 hour OSHA, and Code of Excellence. These classes can be done at student’s home local.

Module 1: December 13th and 14th, 2009 8:00am-4:30pm
